* The time and minutes in Advanced Design will be held while the student is in the group, if necessary.

(X) Two days including the afternoon day.

(Y) Four days including the afternoon three days.

4. Attention is drawn to the following rules:—

(1) No candidate will be allowed to enter the examination room unless he wears a clean and decent dress, and, in all cases where good manners require it, a suitable covering for the head, nor will he be allowed to keep his shoes on unless they are shoes of English pattern, and socks and trousers are worn also.

No candidate suffering from any contagious disease will be admitted to the examination room.

(2) No candidate will be allowed to quit the examination room on any day until the expiration of half an hour from the time fixed for the commencement of the examination, and candidates arriving after the expiration of that half hour will not be admitted.

(3) No candidate will be allowed to re-enter the examination room during the hours of examination after once quitting it, nor to leave the room without firstly giving up his answer papers.

(4) Any candidate detected in speaking to, or in any way communicating with, any other candidate will be at once removed from the room, and the examination reported to the Commissioner.

(5) Any candidate suspected of having had previous participation in any kind of communication with the Commissioner or with the Examiners for such term of years as the Commissioner may think fit; or, if the Commissioner is not satisfied for any reason whatever as to the truthfulness of his reply, he may be required to undergo a re-examination at some future date to be fixed by the Commissioner in any one or on the results of such re-examination.

(6) No candidate will, on any account, be allowed to take into the examination room ink, slates, books, manuscripts or papers of any kind. Any one detected in the violation of this rule, or having recourse to any unfair practice, will be removed from the room, and the answer reported to the Commissioner. The use of mathematical instruments for drawing figures or making lines will, however, be allowed.

(7) Candidates whose names are not in the printed list furnished to the Superintendents must submit a written declaration through the Superintendents, giving full particulars in regard to themselves and furnish such evidence as may be possible of their having applied for admission to the examination at the proper time and paid the prescribed fee. The answer papers of such candidates will not be valued unless it is clear that the omission of their names is due to an inadvertence.

(8) Candidates desiring to change their place of examination without previous permission, or appearing at any centre other than the one at which they ought to have appeared according to the notice published in the Gazette, must not expect to have their papers valued or their results published. In all cases where permission has been granted, the Commissioner or Examiners permitting the change should be informed by the Superintendents of the Superintendents.

(9) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes the answer papers. Any candidate writing in any self question of the Superintendent will possess the same power, but will on no account leave his seat.

(10) Any papers sent up without the candidate's name and number affixed will not be examined.

(11) Candidates will not be allowed to take any papers, except their question papers, out of the examination room.

(12) Candidates are forbidden to put up papers or to throw ink or papers on the floor. All "spilt copies, etc." should be left on the desk where the candidate has been writing.

THE FOURTH AGRICULTURAL AND INDUSTRIAL EXHIBITION AND
CATTLE SHOW (GOVERNMENT—1911).

Preamble.

It is proposed to hold an exhibition of Agricultural and Industrial products and Cattle Show in the Foregrounds (Barracks) adjacent to the public office at Trichy. The exhibition will commence on Monday, the 24th January 1912, and will be kept open till the 30th February 1912.

2. *Object of the exhibition.*—The primary object of the exhibition is to bring together agricultural and industrial products, machinery, etc., the use of which it is desirable that the ryots and artisans should understand. The Cattle Show is intended to give to the ryots an idea of the correct species of cattle in and out of the State and thus to promote improved methods of breeding, etc.

3. Lectures will be delivered by competent persons in Malayalam on subjects connected with *Industries, Agriculture, improved implements, cattle breeding, etc.* Demonstrations will also be arranged. There will also be competitions on the exhibition grounds in ploughing, weaving, etc.

4. Exhibits are generally divided into (i) samples and (ii) exhibits for sale. The several groups and classes of exhibits which will be admitted for the exhibition are given in the Appendix. Articles for sale will also be admitted.

5. Arrangements are made to provide competition and to induce ryots, etc., to exhibit the best products available by awarding prizes, to the value of Rs. 1,500.

The Appendix gives the amount set apart for prizes under each group of exhibits. The number and the value of the prizes to be awarded for each class of exhibits will be decided by a Committee of Judges with reference to the quality, etc., of the exhibits received.

6. Exhibits, etc., which are the best of agricultural and industrial products of the State will be given special prizes as shown in the Appendix. All exhibits will compete for the general prizes.

7. *Plan of exhibition grounds and buildings.*—The Exhibition grounds and buildings will be divided into several stalls. Separate stalls will be provided for samples and exhibits for sale. Special arrangements will be made for the cattle show yards.

8. Outside the cattle show yards will be held a cattle fair in which sales can be effected.

9. No fee will be charged on exhibits of any kind, or for the space allotted for exhibits. Those who desire to have special facilities for sales of articles or demonstrations are requested to address the Agricultural Superintendent, Trichy.

10. *Admission fee for ryots.*—An admission fee of one anna per head will be levied, such time a person enters the exhibition grounds. Children under 10 years of age and school-fee students bearing passes will be exempted.

11. The Government invite exhibits from all parts of the State as well as from outside. They hope that the Agricultural and Industrial Associations and other public bodies will help them with exhibits and suggestions.

12. The Government would thankfully accept donations for special prizes, medals, etc., from individuals or Associations, interested in any special branch of Agriculture or Industry.

12. *Applications from exhibitors.*—Intending exhibitors should apply to the Agricultural Superintendent of the State, Fort St. George, before the 15th of December 1911. In this application, they must give full particulars of their exhibits and the groups, etc., under which they fall. Information whether secured or open space is required, should also be given.

13. Any exhibits not falling under the groups, etc., as per Appendix will also be submitted at the discretion of the Deputy Commissioner.

14. Meetings of the leading men of the various taluks will be convened as early as possible to give them a clear idea of the object and scope of the exhibition, so that they may send themselves of the opportunity afforded for their improvement, and they may co-operate intelligently with the Government to make the exhibition a success.

15. All applications should be addressed to the Agricultural Superintendent and must be accompanied by *Application for admission of exhibits to the Golden Agricultural and Industrial Exhibition and Cattle Show, 1911*. Applications will be registered by that office. As the accommodation for the exhibits will be limited, applications received after the prescribed date may not be considered. Forms of application will be available in the Taluk offices.

16. *Delivery of exhibits.*—Registered applicants should send their exhibits so as to reach the exhibition grounds at least 4 days before the exhibition with a list in duplicate giving the description of the exhibits according to the Appendix. All packages containing the exhibits must bear labels specifying the name and number of exhibits. They must also carry a list in duplicate showing the name and description of the animals, trees, plants or products or manufactures, name of exhibitor, etc. In respect of agricultural exhibits the following information should be furnished:—
